

SYMPOSIUM

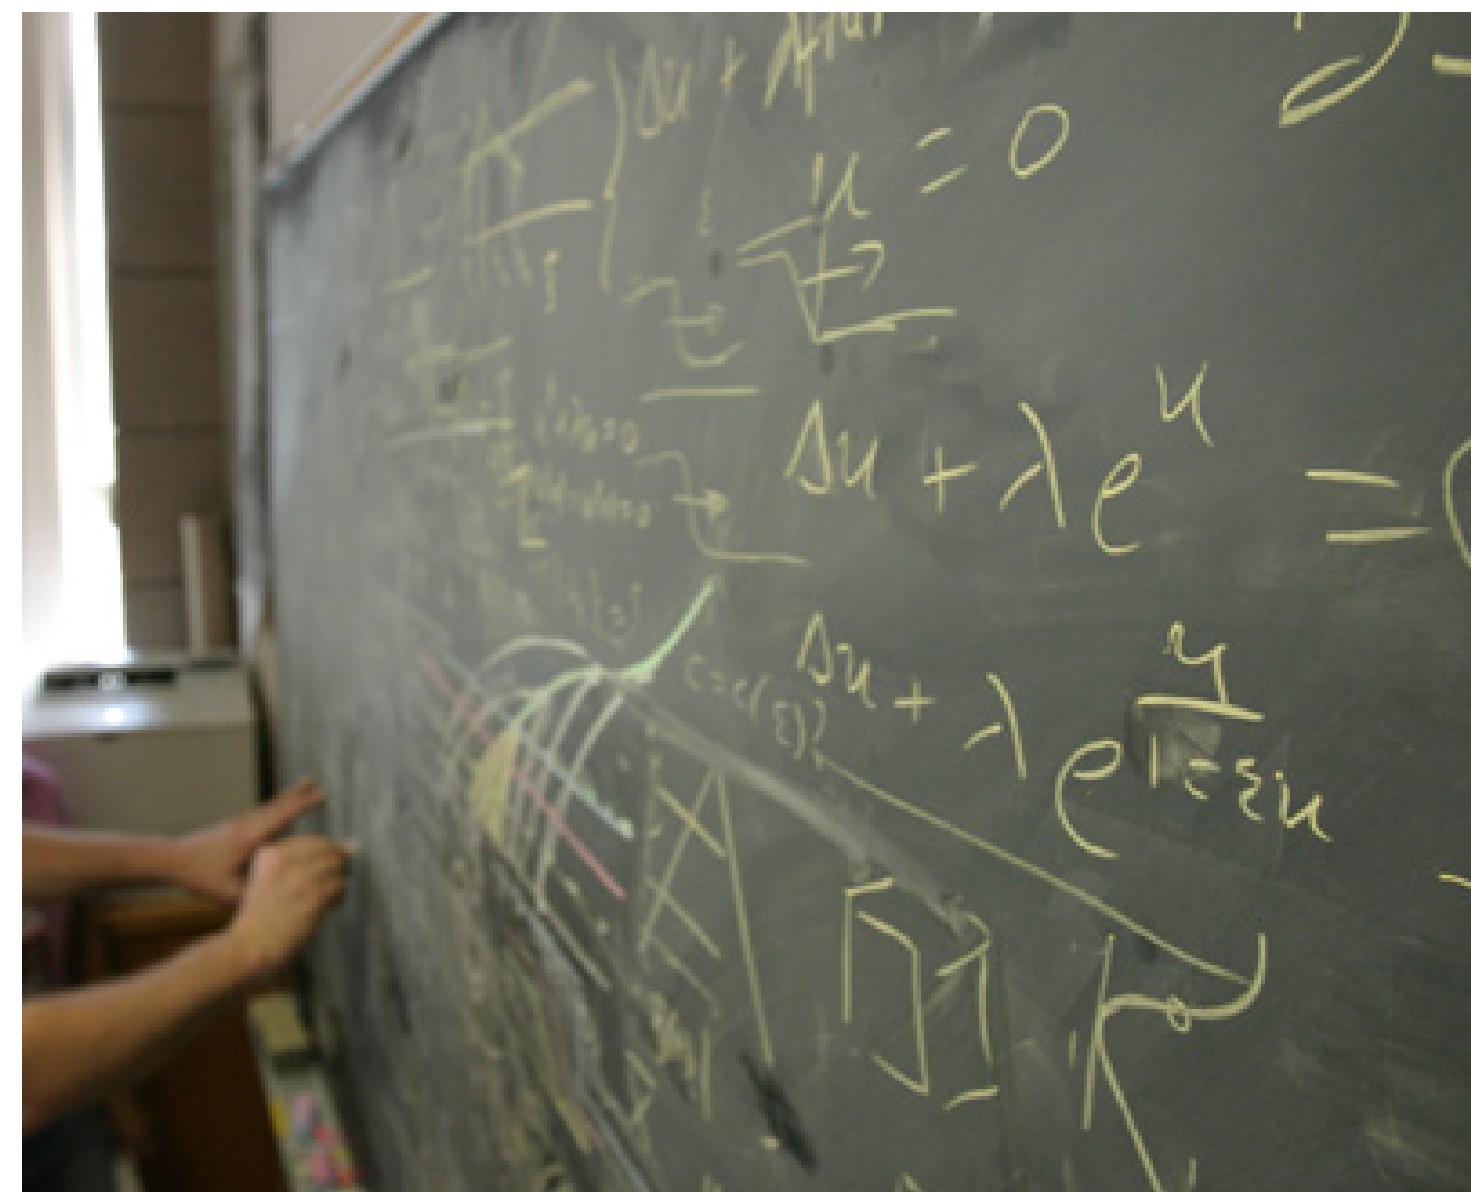

Nonlinear PDE is an important mathematical area that impacts many different fields in mathematics and physics. This one-day event, the first of a symposium series at the Graduate Center of CUNY, aims to explore recent trends, applications, and future directions in this very active area.

INVITED SPEAKERS

- Xavier Cabré, University of Barcelona, Spain;
- Changfeng Gui, University of Connecticut;
- Fang-Hua Lin, Courant Institute, NYU.

TIME AND LOCATION

- Time: 9 am - 3:30 pm, September 22nd, 2011.
- Location: Science Center, Room 4102.
- The Graduate Center of CUNY is located at 5th Ave. and 34th St. on Manhattan
