Required Text:

About: MTH 410 is an introduction to mathematical statistics.

The book: We will use the book Mathematical Statistics with Applications by Wackerly, Mendenhall, and Schaeffer, 7th edition.

Syllabus: The rough syllabus is included in a separate document.

Homework:

Homework will be submitted through Blackboard. This will require uploading a pdf of work. Most phones can make a very legible scan of a sheet of paper.

Grading policy: Your grade will be determined by your performance on the mid-term, the final exam, and the homework:

- HW: 20 percent
- Mid-term exam: 40 percent
- Final exam: 40 percent

Exam Policy: This course is online except for the exams. The plan is for these to be in person. We will have one mid-term and one final exam. Attendance at the exams is required. More details will be announced as the semester progresses.

Exam Dates: Our mid-term will be on October 18th. The last day to drop with a grade of “W” is October 19th.

The final exam is *likely* to be December 15th, this is subject to registrar assignment which occurs later in the semester.

Special dates: There is no class on 9/6, 9/8, 9/15, and 10/11.

Disability policy: Qualified students with disabilities will be provided reasonable academic accommodations if determined eligible by the Office for Disability Services. Prior to granting disability accommodations in this course, the instructor must receive verification of the student’s eligibility from the Office of Disability Services. It is the student’s responsibility to initiate contact with the Office for Disability Services staff and to follow the established procedures for having the accommodation notice sent to the instructor.

Academic Honesty: Integrity policy: CUNY’s Academic Integrity Policy is available online at <https://www.cuny.edu/about/administration/offices/legal-affairs/policies-procedures/academic-integrity-policy/>
